

# ARE YOU READY?

## Want top marks for your in-depth assessment?

**HQN helps you pass the test – choose the support that works for you:**

### Have a practice run

Our team of experts will take you through your paces:

- A desktop review of the documents you'll need to submit
- On-site interviews with the key people
- Board observation
- Feedback to your board and executive team.

We'll give you honest and constructive feedback about how you handled the practicalities, where your key areas of risk are, and ways to improve.

### Training session for boards and SMTs

One of HQN's experts will come to your organisation and deliver a tailored session explaining the IDA process – what to look out for and how to prepare.

### Had the call? Need practical support?

If you are tight on time or resources it's never too late. We will send one of our experienced consultants to help pull together your documents and critique your submission ahead of the HCA. We will highlight the areas the HCA are most likely to explore in their interviews – making sure you're really prepared for the questions ahead.

“ We sought HQN's help with a mock in-depth assessment to help us prepare for the real thing. This included a document review and mock interviews. The consultants were extremely knowledgeable and knew just what areas the Homes and Communities Agency would focus on – this was invaluable when we did the actual assessment. HQN were extremely flexible in their approach and when we received notification of the real IDA, they quickly revised their approach to ensure we were fully prepared. I would say that any housing association preparing for an in-depth regulatory assessment would benefit from engaging with HQN. ”

**Julie Vincent, Director of Business Assurance, The Regenda Group**
