## Preparing for Brexit

Wednesday 13 February 2019 | The Marriott Marble Arch, London

Deal or no deal, the Regulator for Social Housing is telling social landlords that stress-testing and preparing for worst-case Brexit scenarios is 'vital'.

As the government steps up its contingency planning for leaving the EU – how can you be 100% sure that you have all bases covered?

Behind the hyperbole and whatever your views on the shifting sands of political decisions/indecision, there are tangible risk management and business continuity planning steps needed to prepare for the consequences.

HQN is teaming up with RW Consulting Solutions Limited for a fully immersive 'what if?' event which will throw housing professionals into a post-Brexit world and pose all sorts of challenges to find out if they will sink or swim.

**09:30 Registration and refreshments**

**10:00** Chair's welcome and introduction  
**Alistair McIntosh, HQN**
