

ARE YOU READY?

Want top marks for your in-depth assessment?

**HQN helps you pass the test –
choose the support that works for you:**

Have a practice run

Our team of experts will take you through your paces:

- A desktop review of the documents you'll need to submit
- On-site interviews with the key people
- Board observation
- Feedback to your board and executive team.

We'll give you honest and constructive feedback about how you handled the practicalities, where your key areas of risk are, and ways to improve.

Training session for boards and SMTs

One of HQN's experts will come to your organisation and deliver a tailored session explaining the IDA process – what to look out for and how to prepare.

Had the call? Need practical support?

If you are tight on time or resources it's never too late. We will send one of our experienced consultants to help pull together your documents and critique your submission ahead of the RSH. We will highlight the areas the RSH are most likely to explore in their interviews – making sure you're really prepared for the questions ahead.

Working with HQN was a really useful exercise. Not only did it help us in pulling together the various types of documents we would need – but the challenge and suggestions about why we were sending information to one committee rather than another; what we were including in our reports to board and committees and why; and the various hints and tips about cross referencing the info were invaluable.

Nichola Shepard, MD Strategy & Assurance, Irwell Valley HA
