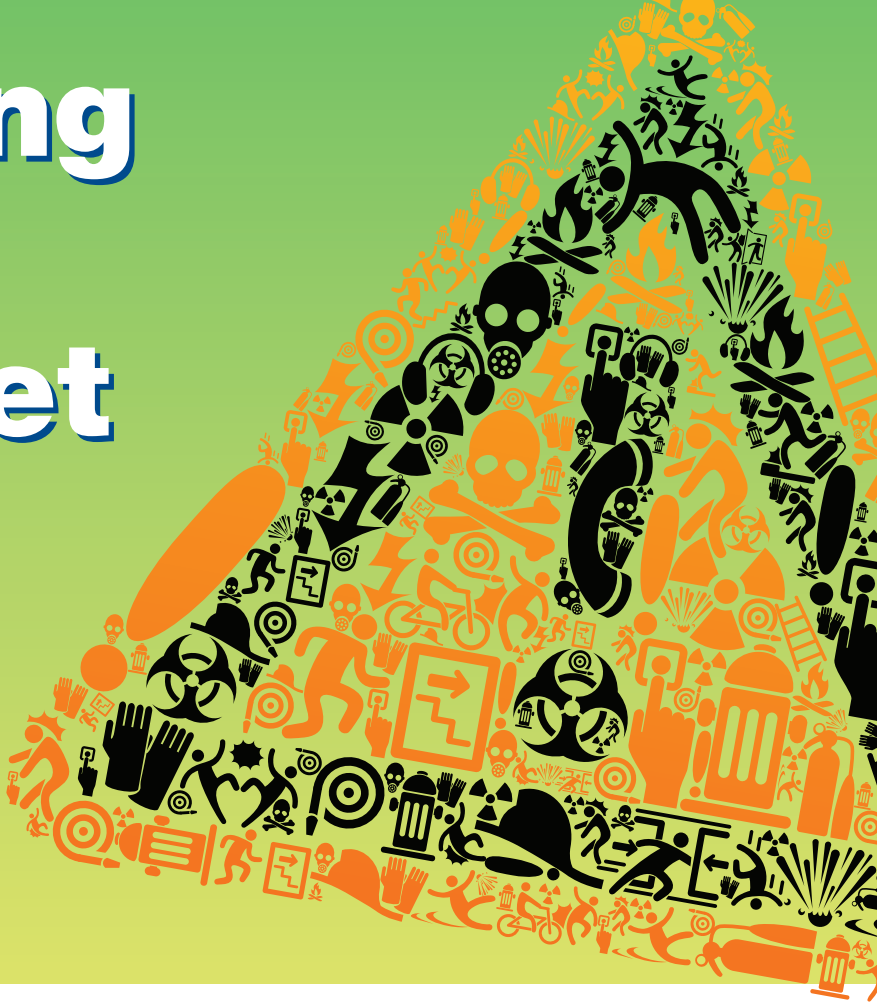
Introducing HQN's SAFETYnet solutions



It can feel relentless - new and revised guidance to stay on top of, risks and threats to watch out for. When it comes to Health and Safety there's never been a greater need for reassurance.

HQN launched the first national network devoted specifically to health and safetyfor the social housing sector. SAFETYnet solutions offers a one stop shop for health and safety support and checks on:

- Fire safety (including fire safety systems, fire alarm monitoring and smoke alarm service and maintenance)
- Legionella
- Asbestos management
- Gas safety
- Electrical safety
- Driver safety
- Working at height
- Personal safety and lone working.

Our experienced team of highly qualified experts can provide you with external challenge, reassuranceand practical, cost-effective support with:

- Development of risk management strategies
- Health and safety policy development and review
- Specialist training
- Safety management systems
- Compliance checks
- Risk assessments
- Health and safety audits
- Work place audits
- Competent person support.

To find out more about what we can do for you please contact Anna Pattison on 01904 557197. Alternatively email us at anna.pattison@hqnetwork.co.uk

Safeguard your organisation - make sure you are doing everything you need to in order to protect the health and safety of your residents and employees. Exclusive discount available for members of SAFETYnet.
